

WHISTLE

A full-page photograph of a mountain biker in action. The rider is wearing a black long-sleeved jersey, black shorts with blue accents, a black helmet, and colorful goggles. They are leaning forward on a black and yellow mountain bike, riding down a dirt trail. The background is a lush green forest with sunlight filtering through the trees.

RACING BIKE 2020

WHISTLE

RACING BIKE 2020

Prestazioni e leggerezza per spingersi oltre il limite. Whistle propone per la stagione 2020 una linea di mtb, road e trekking bikes per le competizioni o per uscite in relax.

Whistle opera da sempre prestando la massima attenzione alla qualità e alla sicurezza dei suoi prodotti. Tutte le biciclette rispondono agli standard qualitativi dell'Unione Europea ed i nostri partner di produzione conducono rigorosi controlli come espressamente richiesto dalle norme ISO ed EN.

Performance and reduced weight to push beyond the limit. Whistle proposes for the 2020 season a range of mtb, road e trekking bikes for competitions and for relaxed rides. Whistle has always operated with the utmost attention to quality and safety of its products. Every Whistle bicycle complies with the qualitative standard by European Union. In our laboratories many tests are performed as expressly requested by the ISO and EN standards.

MTB

Tecnologie recenti ed innovative abbinate a telai di ultimissima generazione per affrontare percorsi sempre più tecnici e sfidanti. Mtb versatili e piacevoli da guidare con geometrie sempre più aggressive in ottica racing equipaggiate con ruote da 27,5".

Recent and innovative technologies combined with the latest generation of frames to face increasingly technical and challenging trails. MTB versatile and pleasant to drive with more aggressive geometries for racing equipped with 27.5".

FULL SUSPENDED

ARIZONA

Perfette per affrontare discese con agilità e sicurezza. Le ruote e le gomme di dimensioni maggiorate permettono un'impronta a terra maggiore, senza che venga persa l'anima scattante della bici, migliorando comfort, divertimento e sicurezza. I perni passanti da 15x110 mm all'anteriore e 12 x148 mm al posteriore, sono più rigidi, più sicuri e più resistenti e garantiscono una maggiore precisione di guida.

The right choice to downhill easily and safety. The oversized wheels and tyres allow an higher tyre track without losing the nimbleness and the quickness of the bicycle, improving comfort, safety and fun. The 15x110 mm e-thru front axle and 12x1248 mm on the rear, oversized, are stiffer, safer, more resistant and they ensures a better driving precision.

Rigidità, affidabilità, resistenza e peso ridotto per una guida reattiva.

Le Mojag con telaio leggero in carbonio e ruota da 29" potranno soddisfare ogni aspettativa. Hanno mozzi Boost che consentono di aumentare la rigidità delle ruote e forcellino posteriore con attacco pinza freno che sfrutta lo standard Post Mount, movimento centrale con cuscinetti maggiorati sinonimo di rigidità e maggior durata.

Miwok e Patwin con telai da 29" e da 27.5" sono realizzate con telaio in alluminio 6061, lega ottimale sinonimo di resistenza e leggerezza.

Due famiglie entry level ideali per approcciarsi al mondo delle MTB con successo.

Stifness, reliability, resistance and reduced weight for a more reactive drive.

Carbon monocoque frame and 29" wheels for Mojag. The front and rear Boost allow to increase the wheels stifness; they have the rear dropout that uses the standard Post Mount, bottom bracket with oversized bearings which means stiffnes and longer lasting.

Miwok and Patwin's frame are in alluminium 6061, optimal league synonymous of lasting and lightness. They are entry level bicycles ideal for a biker who want to approach to the MTB world with great success.

ROAD

Bici leggere ed affidabili, rigide e confortevoli, veloci, stabili e durevoli. In Whistle crediamo non solo nelle bici da corsa per la competizione; in Whistle crediamo che la bici da corsa ti accompagni nella quotidianità.

Lightness and reliability, stiffness and comfort, speed and stability: these are the main features of the Whistle road bicycles. In Whistle we believe that a road bike is not only for competition, in Whistle We believe that a road bicycle is for everyday.

Innovazione nella Lamok e nelle Sauk è l'introduzione del reggisella in carbonio con sezione a goccia; le proprietà di assorbimento di tale materiale permettono di avere un maggior comfort in sella. Tale scelta inoltre favorisce una maggior aerodinamica del telaio e una riduzione del peso della bici.

The introduction of the carbon seatpost with a drop section is a great innovation in Lamok and Sauk family. The absorbing properties of this material allow a greater comfort during the ride. This choice also favors a greater frame aerodynamics and a reduced bike.

Dedicate al turismo, all'escursionismo, alla gita o semplicemente allo spostamento breve, le Guipago hanno telaio confortevole che, permettendo una postura rilassata in sella renderà piacevole l'uscita in bici. La versione da donna, come quello da uomo, presenta molti accessori che rendono la Guipago 2050 un modello davvero completo e confortevole per chi desidera avventurarsi in tragitti sterrati o strade collinari. Questi accessori sono: il portapacchi in alluminio, i parafranghi monoasta, il carter Herrmans, le luci a batteria Spanninga, il cavalletto regolabile URSUS, il campanello e le manopole ergonomiche.

Dedicated to cycle tours, bike hiking, trips or simply to short transfers, the Guipago frame is comfortable, ensuring a relaxed posture on the saddle allowing you to have a pleasant journey. The women's model like the one for men has many accessories that make the Guipago 2050 a truly complete and comfortable model for those who want to adventure on dirt roads or hilly roads. These accessories are: the aluminum rack, the single bar mudguards, the Herrmans crankcase, the Spanninga battery lights, the URSUS adjustable kickstand, the bell and the ergonomic knobs.
